DID YOU KNOW?

CATWALK RUNDOWN

The four catwalks located above the playing surface at Tropicana Field are labeled the A-, B-, C- and D-rings, with the lowest being the D-ring. Any fair ball that hits the lower two catwalks (C, D) is a home run. A fair ball that hits one of the top two catwalks (A, B) is in play. Any fair ball that stays on one of the top two catwalks is a ground-rule double. A foul ball that hits one of the catwalks is a dead ball.

- The **D-ring** ranges from 59 feet above the playing surface in CF to 121 feet behind home plate.
- The **C-ring** ranges from 99 feet in CF to 146 feet behind home plate.
- The **B-ring** ranges from 142 feet in CF to 173 feet behind home plate.
- The **A-ring** ranges from 181 feet in CF to 194 feet behind home plate.

In 25 seasons, 193 fair balls have hit catwalks: C-ring (105), B (44), D (38), A (6). This includes two during the relocated Rangers-Astros series in 2017 due to the devastation caused by Hurricane Harvey. Not included in that total is one fair ball that struck the roof, off the bat of MIN Miguel Sanó on Aug 7, 2016.

Five fair balls have hit catwalks in the postseason, all home runs: Evan Longoria off the C-ring in Game 1 of the 2008 ALDS vs. CHW, B.J. Upton off the C-ring in Game 6 of the 2008 ALCS vs. BOS, Willy Adames off the D-ring in Game 4 of the 2019 ALDS vs. HOU, TOR Danny Jansen off the D-ring in Game 2 of the 2020 AL Wild Card Series and Nelson Cruz off the C-ring in Game 1 of the 2021 ALDS vs. BOS.

Eight times a fair ball has hit a catwalk and not come down: TB Brett Phillips, April 12, 2022 vs. OAK (C-ring); TEX Joey Gallo, June 30, 2019 (D-ring); TB Avisaíl García, April 18, 2019 vs. BAL (D-ring); TB John Jaso, Sep 17, 2015 vs. BAL (C-ring); BOS David Ortiz, Sep 17, 2008 (D-ring); BOS Jason Bay, Sep 15, 2008 (C-ring); Carlos Peña, May 26, 2008 vs. TEX (B-ring); and José Canseco, May 2, 1999 vs. DET (B-ring).

Evan Longoria is the all-time leader in fair balls off the catwalk (11) and catwalk home runs (8). Alex Rodriguez and David Ortiz hit the catwalks five times, most of any visiting players. Carlos Peña hit the catwalks five times in 2007, most by any player in one season. All told, 42 different Rays have hit balls off the catwalks in the regular season: Evan Longoria (10), Jonny Gomes (8), Carlos Peña (8), Greg Vaughn (6), Fred McGriff (4), Steven Souza Jr. (3), José Canseco (3), Ben Grieve (3), Willy Adames (2), Curt Casali (2), Carl Crawford (2), Vinny Castilla (2), Avisaíl García (2), Travis Lee (2), Brett Phillips (2), Rocco Baldelli (1), Tim Beckham (1), Corey Dickerson (1), Logan Forsythe (1), Nick Franklin (1), Aubrey Huff (1), John Jaso (1), Matt Joyce (1), Pete LaForest (1), Brandon Lowe (1), Brendan McKay (1), Austin Meadows (1), Brad Miller (1), Logan Morrison (1), Eduardo Perez (1), Tommy Pham (1), Sean Rodríguez (1), Jared Sandberg (1), Kelly Shoppach (1), Grady Sizemore (1), Paul Sorrento (1), Bubba Trammell (1), B.J. Upton (1), Rickie Weeks Jr. (1), Gerald Williams (1), Randy Winn (1) and Mike Zunino (1).

BUSINESS OPERATIONS

STUART STERNBERG / PRINCIPAL OWNER

The 2023 season is the 18th under the leadership of Principal Owner Stuart Sternberg, who assumed control of the franchise in October 2005. Today, the massive rebranding of the club at the start of 2008 marks a watershed for two distinct eras of Rays baseball.

In the 15 seasons since then, the Rays own the 4th-best record in baseball at 1,267-1,062 (.544) and have made eight trips to the postseason, including four AL East division titles (2021, 2020, 2010, 2008) and two World Series appearances (2020, 2008). During this span, only three clubs (Dodgers, Yankees, Cardinals) have reached the postseason more often than the Rays, and only four (Astros, Dodgers, Giants, Phillies) have competed in more World Series. This success comes after the Devil Rays amassed the majors' worst record at 645-972 (.399) over the club's first decade of existence.

"Sternberg is the connective tissue running through the two [World Series] teams," wrote Richard Justice on MLB.com. "His taking over the Rays in 2005 began one of the great turnarounds in baseball history, from one of the least successful franchises to one of the best."

Sternberg has built an organization that encourages experimentation and nurtures new ideas. In 2008, 2019 and again in 2021, *Baseball America* named the Rays its MLB Organization of the Year. This environment has cultivated some of the top leadership talent across the game, including numerous managers and general managers for both small- and large-market teams.

"You want to know why they have so many innovative strategies?" wrote *Tampa Bay Times* columnist John Romano. "Because owner Stu Sternberg is not constantly looking over their shoulders, tallying up every success and failure."

Sternberg takes great pride in the organization's community service and commitment to its employees. Under his leadership, an employee-first culture defines the organization. It is fostered through myriad initiatives, including a wellness program and a staff-led service group, the Employee Community Outreach Team (ECOT). As part of this commitment to community involvement, all employees are urged to spend one paid day each month volunteering. To date, total volunteer hours for the organization exceed 41,000.

Over the past six years, Sternberg and his partners have invested more than $25 million in capital improvements to Tropicana Field—including upgrades to the video boards and speaker system; energy-efficient LED lights throughout the stadium; an overhauled food, beverage and retail space; and the versatile Left Field Ledge. Since 2005, the Rays have invested more than $55 million in upgrades to Tropicana Field.

Under his direction, the Rays have implemented a wide variety of fan-friendly policies. The organization was the first major league team to convert its ballpark to a cash-free facility, reducing wait times by up to 50 percent at concession and retail locations. The Rays commitment to technology and innovation has continued in recent years, and accelerated in the wake of COVID-19, with investment in new technologies and building systems to support mobile ticketing, mobile payments and promote a contactless and frictionless fan journey. The Rays also have been rated by ESPN as one of the most affordable experiences in all of sports.

Sternberg serves as chairman of MLB's Strategic Planning Committee. He is also a member of both MLB's Ownership Committee and its Diversity and Inclusion Board. Additionally, Sternberg is a member of the board of advisors for Moffitt Cancer Center.

Prior to his ownership of the Rays, Sternberg spent 25 years in the financial securities industry, serving as a partner in Spear, Leeds & Kellogg and then as a partner and managing director at Goldman Sachs, from which he retired in 2003. Sternberg and his wife, Lisa, have four children. He resides in St. Petersburg.

MATT SILVERMAN / PRESIDENT

Matt Silverman enters his 20th season with the Rays and 15th as team president. Together, he and Brian Auld lead the club's operations both internally and externally.

Silverman returned to the team president role in the fall of 2017 after serving three seasons (2015-17) as president of baseball operations. He was first promoted to team president in October 2005 at the age of 29, and over the next nine years guided the franchise through the most progressive growth stage in its history. At the top of the list is the revitalization of the Rays. In the fall of 2007, Silverman directed a complete organizational rebranding including a new name, colors, uniforms and logo, a bright yellow sunburst.

While steering the baseball operations department, Silverman oversaw significant leadership changes, both on the field and in the front office. During this time, he and his staff engineered 36 trades involving nearly 100 players, restocking the organization's minor league pipeline (including the July 2017 signing of shortstop Wander Franco from the Dominican Republic). In December 2014, he hired Kevin Cash to become the fifth manager in Rays history. In November 2016, he elevated Erik Neander and others within the baseball operations department. One year later, his move back to team president completed the transition of baseball leadership, passing the baton to Neander as the team's top-ranking baseball official. Neander would eventually be recognized as MLB Executive of the Year and Cash AL Manager of the Year twice.

Silverman is board chairman of Starting Right, Now, which helps homeless high school students reach their potential. He is in his 10th year as the first chairman of the board of the Positive Coaching Alliance Tampa Bay, the regional chapter of the national nonprofit providing youth and high school athletes a positive, character-building youth sports experience. He also serves on the board of the Rays Baseball Foundation.

Prior to joining the Rays, Silverman worked closely with Stuart Sternberg at Goldman Sachs and orchestrated Sternberg's purchase of controlling interest in the franchise. In 2018, Silverman and Auld oversaw the Rays purchase of the Tampa Bay Rowdies USL soccer team, based in St. Petersburg. They now also serve as vice chairmen of the Rowdies, overseeing all franchise operations.

The Dallas native first met Auld in high school, and they graduated one year apart. He holds a bachelor of economics degree from Harvard University. Matt and his wife, Andrea, reside in St. Petersburg with their three daughters: Alexa, Samantha and Casey.

SPECIAL SEATS

Fans at Tropicana Field will notice two golden seats, one white seat and one seat memorialized with a plaque in the right field seating area. The golden seat in the third row of Section 148 is the location where the Rays first home run landed, a two-run shot hit by Wade Boggs off DET Justin Thompson in the 6th inning of the Rays inaugural game on March 31, 1998. The other golden seat, in Section 144, marks the spot where Boggs' 3,000th hit landed, a two-run home run off CLE Chris Haney on Aug 7, 1999. The white seat in Section 140 (Row T, Seat 10) marks the spot where Dan Johnson's two-out, 9th-inning, game-tying home run landed against the Yankees in Game 162 of the 2011 season. Three innings later, Evan Longoria hit a walk-off homer to left field giving the Rays an 8-7 win, clinching the AL Wild Card.

Finally, on July 11, 2015, the Rays dedicated a special seat above the right field walkway that will always remain empty in remembrance of prisoners of war (POW) and those missing in action (MIA). Then-president of baseball operations Matt Silverman and pitcher Matt Moore joined World War II veteran and former POW Andrew H. Hines Jr. and Rep. David Jolly of the 13th Congressional District in the pregame ceremony.

One year later, Matt Silverman shifted to team president after a three-year stretch as president of baseball operations.

With Neander as the club's top-ranking baseball official, the Rays have made the postseason in four consecutive seasons, extending the longest streak in team history. The Rays are one of six teams in the majors to make the postseason each year from 2019-22, joining the Astros, Braves, Cardinals, Dodgers and Yankees. Under Neander over the past four seasons, the Rays own the 4th-best record in baseball at 322-224 (.590). He and his group assembled a club that finished with the best record in the AL in both 2020 and 2021.

In 2021, the Rays went 100-62 and set a club record for wins in a single season. For the second time in three years (2019), the Rays were recognized as *Baseball America*'s Organization of the Year. In the shortened 2020 season, Erik assembled a team that went 40-20 and reached the World Series. In 2019, the team's accomplishments earned industry acclaim for both Neander and the organization. Erik was selected by his peers as Major League Baseball's Executive of the Year and earned a similar honor from the *Sporting News*.

Of the current 40-man roster and 60-day IL, 31 players have been acquired since Erik was appointed the club's top-ranking baseball official (and 22 via trade). In December 2022, Neander signed Zach Eflin to a three-year, $40 million deal, the largest by total value in franchise history for a free agent. Among the trade acquisitions are starting pitchers Shane Baz, Tyler Glasnow, Drew Rasmussen and Jeffrey Springs, as well as 2021 AL Rookie of the Year Randy Arozarena, Jalen Beeks, Christian Bethancourt, Garrett Cleavinger, Yandy Díaz, Pete Fairbanks, Manuel Margot, Isaac Paredes, Colin Poche, Harold Ramírez and Jose Siri.

In November 2021, Erik signed Wander Franco to an 11-year contract through 2032, including a club option for 2033. The contract represented the largest commitment to a player in the history of the franchise and the largest in major league history for a player with less than a year of major league service time.

The Rays enter the 2023 season ranked by *Baseball America* as the No. 6 farm system in the game, the sixth consecutive season they have placed among the preseason's top 10 systems. The publication placed six Rays prospects on its preseason top 100 list: Shane Baz (No. 31), Curtis Mead (No. 35), Taj Bradley (No. 44), Carson Williams (No. 52), Kyle Manzardo (No. 60) and Jonathan Aranda (No. 96).

Prior to joining the Rays, Erik worked for Baseball Info Solutions. The Oneonta, N.Y. native graduated from Virginia Tech with a bachelor's of science in food, nutrition and exercise. Before every Tuesday home game at Tropicana Field, the Rays host a child from the Children's Dream Fund or Make-A-Wish Foundation at the ballpark as a part of a special program called "Tuesday's Champion." The kids, accompanied by their families, are invited to participate in a VIP experience which includes being on the field during batting practice, where they can meet and interact with Rays players and coaches. They are then treated to dinner in the Rays Club before taking the field and throwing out the ceremonial first pitch. Along with these experiences, they are given a personalized jersey and a bat to commemorate the experience. The children selected for the program are battling life-threatening illnesses and occasionally come straight from the hospital for this special experience.

STORMY WEATHER

The Rays have had games affected by five hurricanes:

- **Hurricane Dorian (Sep 2-4, 2019):** MLB moved up the Rays-Orioles series finale to be part of a traditional doubleheader on Sep 3—just the third doubleheader in Tropicana Field history. The Rays split the twin bill, and won two of three games in the series.
- **Hurricane Irma (Sep 11-13, 2017):** MLB moved the three-game series against the Yankees from Tropicana Field to Citi Field in New York. The Rays lost two of three games. It was the fifth time in baseball history that weather concerns forced the relocation of games to a neutral site—but the second in a span of two weeks.
- **Hurricane Jeanne (Sep 26, 2004):** The Rays and Blue Jays were canceled at Tropicana Field with the storm approaching. The previous night's game, which began at 6:16 p.m., was played with the caveat that no inning could start after 9:15 p.m. The curfew was a precaution to make sure the Blue Jays were able to fly out of Florida after the game.
- **Hurricane Frances (Sep 3-5, 2004):** MLB postponed two games against the Tigers (Sep 4-5), and the Tigers left St. Pete after the Sep 3 series opener to avoid the storm. The Rays were scheduled to play a Labor Day doubleheader at Yankee Stadium on Sep 6, but were unable to leave Tampa International Airport until 3 p.m. that day. They arrived in New York at 5:25 p.m. and played a single game that night, a 7-4 loss which began at 7 p.m. The postponed game was eventually made up in New York on Sep 23. The Rays and Tigers played (and split) a doubleheader on Sep 30—the first doubleheader ever played at Tropicana Field.
- **Hurricane Gordon (Sep 17, 2000):** The Rays and Athletics were postponed at Tropicana Field with the storm bearing down. Instead of playing that afternoon, the Athletics flew to Baltimore. The game was never made up, one of three such games in club history.

X-RAY REPORT

- As a child, Yonny would play a game similar to baseball that replaced the ball and bat with *chapitas*, or bottle caps, and a broomstick.
- He was never considered a highly-touted international prospect, instead signing with the Rays for $100,000 when he was 18 years old.
- While on the mound against the Yankees on July 18, 2019, Yonny's 1-2 pitch to ring up Brett Gardner in the 2nd inning sparked Yankees Manager Aaron Boone's "savages" tirade with home plate umpire Brennan Miller…the exchange included Boone pointing toward Yonny, shouting, "That guy is a good pitcher."

2022 SEASON

- Made 2 apps (1 start) with the Rays, returning from Tommy John surgery…opened the season on the 60-day IL and was on the active roster from Sep 6-8 and Sep 13 (29th Man)…was on the taxi squad from Sep 9-12 in advance of the scheduled doubleheader at Rogers Centre.
- Began throwing from the bullpen in late May and progressed to live batting practice on June 28…began a rehab assignment with the FCL Rays on July 16, pitching a scoreless 2nd inning.
- On Sep 7 vs. BOS, entered in relief and made his first app in the majors since Aug 16, 2020 at TOR and recorded his first win since Aug 4, 2019 vs. MIA…returned from Tommy John surgery performed on Aug 24, 2020 and a fractured elbow, which required surgery on Sep 30, 2021…went 751 days between apps and 1,129 days between wins…stranded runners in scoring position in each of his 3 IP, including back-to-back strikeouts to escape a 2-on, 1-out jam in the 4th inning.
- On Sep 13 at TOR (G2), made his first start since Aug 16, 2020 at TOR and pitched four scoreless innings…marked the sixth scoreless start of his career and first since June 7, 2019 at BOS (8 IP).
- Made 9 apps (5 starts) on a rehab assignment between the FCL Rays, Class-A Charleston and Triple-A Durham…between his rehab and while optioned, totaled 5 starts with the Bulls and went 0-0 with a 2.81 ERA (16-IP, 5-ER).

X-RAY REPORT

- Yandy is afraid of ghosts and made the mistake of entrusting his teammates with this news before the Rays visited Milwaukee last August…the team stayed at the Pfister Hotel, where a number of major leaguers have claimed to experience the paranormal…his teammates did little to ease his concerns, taping a cartoon ghost in his locker ahead of the Milwaukee series with the Spanish word *cuidado*—"watch out"—written on it.
- On his fifth attempt to defect from Cuba, he and friend Leandro Linares waited in tall grass until their motorized raft arrived…they set out at around 2 a.m. and arrived in the Dominican Republic at about 2 p.m. the next day…Yandy reports to have seen sharks alongside the raft.
- Yandy hasn't seen his family in Cuba since he defected…he calls his mother, Elsa Maria Fernández, who still lives there, almost every day and says she influenced him to play baseball…she would work 12-hour days at a cigar factory near their home in Sagua la Grande to provide for him.
- Yandy is a gym rat whose muscles have been featured in *Men's Journal*…he began weightlifting when he was 12 years old.
- He and his wife, Mayisleidis, are expecting their first child in July.

- In *Baseball America*'s annual Best Tools survey of major league managers, coaches and execu-

tives, was ranked as having the AL's Best Strike-Zone Discipline.

> Yandy is a very physically imposing human, but one that I think contributes in a way different than you might assume. Yandy's someone that sees the ball exceptionally well, sees it exceptionally early, puts the ball in play, is as competitive as anybody against good pitching. Those are things that you can never have enough of in a lineup.

X-RAY REPORT

- Tyler kept himself occupied while recovering from Tommy John surgery by joining a boat club, attending boating classes and obtaining a boating license…he cited boredom as the worst part of injury recovery and wanted to do something else besides watch TV…he spends some weekends boating on Anna Maria Island.
- On road trips to New York, Tyler likes to spend afternoons playing chess at Washington Square Park…he considers himself a decent player, but prefers to go against people who are better than him so he can learn more and improve.
- ESPN's Jeff Passan reported in 2020 that Tyler would look at photos of Martin Shkreli to make himself angry before starts…Shkreli made news in 2015 when his company, Turing Pharmaceuticals, was found price-gouging medication…he was later sentenced to seven years in prison for securities fraud in 2017… Tyler has since found new ways to motivate himself but still holds Shkreli in low regard.
- He is a huge fan of gangster rap/trap music…he has "No Juice" tattooed on the inside of his lip—a nod to rapper Boosie that he got as an inside joke with former Pirates roommate Rodarrick Jones.
- He is a bit of an adrenaline junkie with experiences such as a 55-foot cliff jump in Hawaii and bungee jumping in Thailand under his belt.
- Tyler grew 11 inches between his freshman and senior years in high school and separated a growth plate in his right shoulder in the process…he was not in his high school rotation until midway through his junior season.
- His mother, Donna, was a gymnast at Cal State Fullerton, then coached Cal State Northridge to a Division II national championship in 1982.
- Graduated from William S. Hart (Calif.) High School, which produced former Rays pitcher James Shields, though Tyler has never met him… Trevor Bauer, Mike Montgomery, Pat Valaika and Bob Walk also graduated from there.

2022 SEASON

- Underwent arthroscopic surgery on March 18 to remove loose bodies from his right ankle, performed by Dr. Aaron Mates in Tampa.

(9 of 11) of batters faced and reached 99 mph four times, including a maximum velocity of 99.4 mph against Josh Naylor in the 2nd.
- On Oct 3 at BOS, made his second start and recorded 7 SO in 3.2 scoreless innings…the 7 SO were the most by a Ray in a start of 3.2 IP (or fewer) since Glasnow (7) went 3 IP on Sep 21,

2019 vs. BOS…replaced after 3.2 IP when the potential third out of the 4th inning reached on a strikeout/wild pitch to extend the frame.

- **POSTSEASON:** Started Game 2 of the AL Wild Card Series at CLE…yielded 2 hits (both singles) in five scoreless innings of a game that remained scoreless until the bottom of the 15th inning.
- Underwent arthroscopic surgery on Nov 30 to remove loose bodies from his left knee, performed by Dr. Koco Eaton in St. Petersburg.

> "As much as the talent, there's the person—Tyler's a Ray. He's fit in well here. He's everything that we value in a person and a competitor, the right mix of freakish athleticism and freakish goofiness and craziness. So just a real delight to be around, the kind of person we appreciate having in our clubhouse."

X-RAY REPORT

- On the first day of the 2021 All-Star break, he was having dinner with his family at the Rainforest Cafe at Disney when he received a call from Kevin Cash that he was being added to the AL roster to replace an inactive pitcher.
- He and his wife, Tobey, have a son, Brooks… he received the call that his wife was in labor while on his way to the airport to be recalled to the big leagues…from there he altered plans and traveled eight hours on two flights from Durham to Seattle to arrive in time for his birth.
- Andrew implemented a weighted-ball program with Driveline Baseball near Seattle ahead of the 2019 season in order to build arm muscle… he believes it led to increased velocity and arm strength…now living in Spokane, he maintains the program himself with his own garage wall he built to use for weighted ball drills.
- While in the Australian Baseball League during the 2012-13 offseason, he and a few teammates were leaving the stadium at night and found a huntsman spider on the trunk of his car…the species has legs spanning five inches on average.

2022 SEASON

- Underwent Tommy John surgery on June 22, performed by Dr. Keith Meister in Arlington, Texas…during the surgery, Meister reconstructed the UCL with an internal brace augmentation and removed multiple loose bodies.
- Pitched twice after returning from a May 19–June 4 stint on the 15-day IL (low back tightness) before returning to the injured list on June 8… transferred to the 60-day IL on June 11.
- Pitched to a 5.87 ERA (7.2-IP, 5-ER) in his final 7 apps, yielding 10 hits and 3 HR over that span to increase his season ERA from 1.46 to 3.15… all three blown saves came in these 7 apps.
- Made his fourth Opening Day roster, all with the Rays, following 2018, 2020 and 2021.
- Became the third pitcher in franchise history to record a win and save within the team's first 2 games of a season, joining Fernando Rodney in 2012 and Rafael Soriano in 2010.
- On May 16 vs. DET, allowed a go-ahead, solo homer to Harold Castro in the 9th inning…was his third homer allowed in his last 5 apps, with two game-tying homers and one go-ahead shot.

CAREER HIGHLIGHTS

- Enjoyed a breakout 2021 season including a spot on the AL All-Star Team, a year after his season ended after 8 apps with a right UCL sprain.
- Among pitchers with as many innings, his 1.88 ERA led the AL and ranked 3rd in the majors behind NYM Jacob deGrom (1.08) and PHI Ranger Suárez (1.36)…in Rays history, the only pitcher with as many innings and as low an ERA was Fernando Rodney (0.60) in 2012.
- His 9 wins tied for 3rd on the club and tied for 3rd among AL relievers behind NYY Chad Green (10) and SEA Paul Sewald (10)…ranked 2nd on the team with 8 saves behind Diego Castillo (14)… had 6 saves in his last 13 apps, compared to 2 saves in his first 44 apps of the season.

- On June 1 at NYY, took his first loss since April 5, 2018 at BOS, going 9-0 in between…pitched a scoreless 10th inning, with a Gary Sánchez strikeout to leave the bases loaded…retired his first 2 BF in the 11th before allowing a 2-run homer to Clint Frazier, the second time in his career he allowed a walk-off hit.
- On Sep 10 at DET, inherited the bases loaded with 1 out in the 7th inning and surrendered a grand slam to Jonathan Schoop, his first batter faced…marked the first grand slam allowed in his career and the first blown save of his career.
- On Sep 17 vs. DET, pitched a perfect 10th inning to strand the automatic runner…the third out was a strikeout of Jonathan Schoop, who hit a grand slam off him exactly one week prior…got the win after a Brett Phillips walk-off homer.
- **ALL-STAR GAME:** Added less than 24 hours prior to the game as a replacement for an injective pitcher, his first career selection…pitched a perfect 7th inning with three groundouts.
- Became the second player in franchise history to enter spring training as a non-roster invite and make the All-Star Team, joining Evan Longoria in his rookie season (2008)…became the eighth Rays reliever to make the All-Star Team and first since Alex Colomé in 2016.
- Only two Rays pitchers made their first All-Star Team at an older age: Fernando Rodney (35) in 2012 and Rolando Arrojo (32) in 1998.

X-RAY REPORT

- Josh's father, David, was selected by the Mariners in the fifth round in 1986 out of Satellite Beach (Fla.) High School, but instead accepted an appointment to the U.S. Naval Academy…David played football and baseball at Navy as a linebacker and pitcher…he went on to serve as a Navy pilot for 20 years.
- Josh is the younger brother of Rangers 1B Nathaniel Lowe, who played for the Rays from 2019-20…they became the second set of brothers to each play for the Rays, joining INF Julio Lugo (2003-06) and RH Ruddy Lugo (2006-07)…they were teammates with Class-A Charlotte in the Rays system in 2017 and lived with Lucius Fox in a three-bedroom townhouse in the Riverwood retirement community in Port Charlotte.
- One of the family's favorite stories involves a game of catch and a broken window…when the two brothers were young, they were warned not to attempt knuckleballs in the backyard… moments later, Josh uncorked a sidearm knuckler that sailed directly through a back window.

> That's pretty special stuff right there. Big fastball, but not only that, he really commands his offspeed pitches extremely well. He's good. With good health, that kid's going to be very good for a long period of time. It's not just about that high (strikeout) number. He's a good pitcher. He pitches really well.

X-RAY REPORT

- While matters of racial justice took center stage in 2020, Colin voiced support for efforts to launch a new inquiry into the 2014 killing of Tamir Rice by police in Cleveland…Rice was shot and killed while playing with a toy pellet gun… Colin shared that he had a similar encounter under the same circumstances at Tamir's age but had been calmly approached and educated by the officer…"The difference between Tamir's mom losing a son and mine not even knowing about this story is the difference in the color of our skin. There was no justice served in this case. It's time to take another look at it."
- Colin won his school's third grade spelling bee to earn the right to compete at the district level, where he was subsequently "destroyed."
- He only played basketball up to his freshman year of high school, but has been able to dunk since his senior year…the first time that he dunked on someone was at a local gym, just in time for his best friend's dad to walk in and witness it—the only person he knew who did.

- With no fans permitted inside Tropicana Field in 2020, Ryan's father, Ed, flew to St. Petersburg from Oregon to watch his major league debut from Ferg's Sports Bar & Grill near the ballpark… when Ryan entered the game, Ed ran around the bar celebrating with each out he recorded.

- While in the minor leagues, Ryan worked as a substitute teacher during the offseason and used the money earned to fund offseason training.
- Ryan is a self-professed James Bond nerd…at one point, he was ranked No. 1 in Oregon and No. 6 nationally on the QuizUp trivia app in the James Bond category…his favorite Bond film is Casino Royale and Daniel Craig is his top 007.

MAJOR LEAGUE WAIVER RULES

There are two types of waiver requests: outright waivers and unconditional release waivers. Both types are irrevocable. Outright waivers are required for a major league club to assign a player outright to a minor league club. Unconditional release waivers can be secured at any point during the year to release a player. After the trade deadline, the only way clubs can acquire major league players until after the World Series is through waiver claims–a new rule introduced in 2019.

162 LANDING

In 2012, the Rays introduced a new seating area to commemorate the team's dramatic clinching of the 2011 AL Wild Card in Game 162, the final day the regular season. The Seminole Hard Rock Tampa 162 Landing is located off Left Field Street at the point where Evan Longoria's 12th-inning walk-off home run landed, clinching the Rays third postseason berth. The entrance to the area is open to the public, and includes a time-line chronicling the events at Tropicana Field and Oriole Park at Camden Yards from that historic evening. The area also features a screen with video highlights and interviews, as well as unique photos and displays, all surrounding Game 162.

EXTRA! EXTRA!

In February 2023, Major League Baseball's joint Competition Committee unanimously voted that extra-inning games in the regular season will begin each half-inning in extras with a runner on second base. The runner placed on second base at the start of each half-inning is the player (or a substitute for such player) in the batting order immediately preceding that half-inning's leadoff hitter. The rule was originally in place on a temporary basis for the 2020-22 seasons.

THREE-BATTER MINIMUM

Beginning in 2020, the starting pitcher and any relief pitcher must pitch to a minimum of three batters, until the batters are retired or reach base, or until the half-inning is over. An exception exists if the substitute pitcher sustains injury or illness which, in the Crew Chief's judgment, incapacitates him from pitching. This rule was created in an effort to reduce the number of pitching changes and, in turn, cut down the average game time.

DID YOU KNOW?

LET'S PLAY TWO!

The Rays have played 37 doubleheaders in club history, going 7-14-16 (W-L-T). They are 3-4-7 in traditional doubleheaders and 4-10-9 in split doubleheaders. The seven times they swept a doubleheader: July 2, 2022 at TOR, July 7, 2021 vs. CLE, Sep 17, 2020 at BAL, May 1, 2014 at BOS, June 24, 2012 at PHI, April 28, 2011 at MIN and Sep 23, 2008 at BAL.

Five of these doubleheaders occurred at Tropicana Field, all of them traditional. The Rays have split four of these and swept one.

- The first Tropicana Field doubleheader, Sep 30, 2004 vs. DET, was a result of games rescheduled due to Hurricane Frances four weeks prior. They lost the first game, 8-0, and won the second, 6-4.
- On June 10, 2017 vs. OAK, the Rays hosted MLB's first scheduled twin bill since July 16, 2011 (Angels at Athletics). They won the first game, 6-5, on a 10th-inning walk-off single by Evan Longoria. Forty minutes later, they began the next game, a 7-2 loss.
- On Sep 3, 2019 vs. BAL, the series finale was moved up a day as part of a doubleheader as Hurricane Dorian approached. The Rays lost the first game, 4-2, and won the second, 2-0.
- On Aug 8, 2020 vs. NYY, a schedule change due to the COVID-19 pandemic prompted a doubleheader. The Rays lost the first game, 8-4, and won the second, 5-3.
- On July 7, 2021 vs. CLE, the schedule was adjusted due to the path of Tropical Storm Elsa. The Rays swept a doubleheader at Tropicana Field for the first time, winning a pair of 7-inning games 8-1 and 4-0. They did not allow a hit in Game 2, using five pitchers to combine for the Elias Sports Bureau definition of a "notable achievement."

ROBERTO CLEMENTE AWARD

Since 1971, Major League Baseball has annually presented an award that recognizes a player who best exemplifies the game of baseball through sportsmanship, community involvement and positive contributions to his team.

In 1973, following the tragic death of Roberto Clemente, the award was named to honor the man whose spirit and goodwill will always be remembered. The 12-time All-Star and Hall of Famer was killed in a plane crash in 1972 delivering food and medical supplies to earthquake victims of Nicaragua. The award recognizes those individuals who truly understand the value of helping others.

A panel of baseball dignitaries, including Vera Clemente and Commissioner Rob Manfred, annually selects the winner from a list of 30 candidates, one from each major league club. These local winners are announced in September on Roberto Clemente Day. The winner of the national Roberto Clemente Award is announced during a pregame ceremony at the World Series. Past winners include Edgar Martínez, Jamie Moyer, Jim Thome, Derek Jeter, Curt Schilling, Al Leiter, Tony Gwynn, Willie Mays, Ozzie Smith and Cal Ripken Jr. The Rays were represented on the ballot by Brandon Lowe in 2022.

TRIPLE PLAYS

The Rays have pulled off three triple plays in club history. The most recent came on Sep 27, 2011 vs. NYY when Russell Martin grounded into a 5-4-3 triple play (Evan Longoria to Ben Zobrist to Sean Rodríguez).

On Sep 2, 2006 vs. SEA, the Rays pulled off their second triple play, the first at Tropicana Field, in the top of the 1st inning. With runners on first and third, J.P. Howell threw a strike on a 3-2 count to Raul Ibañez for the first out. Catcher Dioner Navarro threw the ball to shortstop Ben Zobrist to retire Adrián Beltré, who was running from first on the pitch. Zobrist then threw back to Navarro to nail José López as he tried to score from third to complete the triple play. It was the first 2-6-2 triple play in major league history.

On Sep 13, 2002 at TOR, the Rays executed the first triple play in club history (L-4-6-3) with Dewon Brazelton on the mound in his major league debut.

Rays opponents have also turned three triple plays, and Sean Rodríguez was the batter in the two most recent. Both of Rodríguez's were of the 5-4-3 variety—April 17, 2014 vs. NYY and Aug 16, 2011 at BOS—making him the first player to hit into a pair of triple plays since ATL Chipper Jones (2007, 1996) and before that, SD Tony Gwynn (1995, 1991). In 2011, Rodríguez became the first player since STL Gregg Jefferies in 1993 to hit into a triple play and participate in one defensively in the same season.

On June 11, 2006 at KC, the Royals turned an 8-1-6-5 triple play when Russell Branyan's apparent sacrifice fly was nullified upon appeal, when it was ruled that Aubrey Huff had left third base early on the tag-up. Rocco Baldelli was also caught on the play trying to advance from first to second base.

DEVIL RAYS INAUGURAL GAME

ST. PETERSBURG, FLA. – Hall of Famers Ted Williams, Stan Musial, Al Lopez and Monte Irvin throw out the ceremonial first pitches and minutes later, at 5:08 p.m. on March 31, 1998, Major League Baseball is born in Tampa Bay as Wilson Álvarez delivers a ball to Tigers leadoff hitter Brian Hunter. Álvarez pitches a perfect 1st inning but nine of his next 13 BF reach base safely. The Rays fall behind, 11-0, in the 5th inning before Wade Boggs hit a 2-run homer off Justin Thompson in the 6th to account for the first 2 runs in franchise history. The Devil Rays rally for 4 runs in the 9th inning and leave the tying run in the on-deck circle when Paul Sorrento strikes out to end the game. Tampa native Luis Gonzalez hit the first home run at Tropicana Field and added a single and double.

104 YEARS OF MLB IN ST. PETERSBURG

Players take a lunch break during spring training at Coffee Pot Park in 1915. Future Hall of Famer Grover Cleveland Alexander is in the center of the photo, sipping out of a metal cup.

PHOTO COURTESY OF: CITY OF CLEARWATER / PHILLIES

THIS SEASON MARKS THE 104TH YEAR MAJOR LEAGUE BASEBALL HAS HAD A PRESENCE IN ST. PETERSBURG, DATING BACK TO 1914 WHEN THE ST. LOUIS BROWNS OPENED SPRING TRAINING WORKOUTS.

MLB has also had a presence in St. Pete every year since travel restrictions during World War II prohibited teams from traveling south for spring training from 1943-45.

Nine teams have trained in St. Petersburg: the St. Louis Browns (1914), Philadelphia Phillies (1915-18), Boston Braves (1922-37), New York Yankees (1925-42; 1946-50; 1952-61), St. Louis Cardinals (1938-42; 1946-97), New York Giants (1951), New York Mets (1962-87), Baltimore Orioles (1993-95) and the Devil Rays/Rays (1998-2008).

In 1910, a former Pittsburgh laundry owner named Al Lang moved to St. Petersburg to benefit his health. He soon became interested in the local economy and focused on trying to help the sagging tourism industry. As a baseball fan, he believed the answer was to attract a major league team for spring training.

Lang convinced the St. Louis Browns, under manager Branch Rickey, to move to St. Petersburg in 1914. A baseball committee, formed to attract a major league team to the city, raised $20,000 to buy a large tract of land for a ballpark. The site chosen for the field was Coffee Pot Bayou in St. Pete, where a 2,000-seat grandstand was built.

The first game between two major league teams in St. Petersburg took place on March 27, 1914 as the Grapefruit League was established. The Browns hosted the Chicago Cubs, who were training in Tampa and made the trip by steamboat across Tampa Bay. The Cubs won, 3-2. James Leslie (Hippo) Vaughn was the winning pitcher for the Cubs as an estimated 4,000 looked on.

The resourceful Lang helped engineer a new ballpark, Waterfront Park—located at the approximate site where the parking lot for Al Lang Field is today—and a new arrival, the Boston Braves, christened the new park in 1922. The Yankees joined the Braves in St. Pete in 1925. They would remain for all but four years until 1962, when Casey Stengel and the expansion New York Mets moved in and the Yankees went to Fort Lauderdale.

When the Boston Braves left for Bradenton in 1937, the St. Louis Cardinals came to St. Petersburg the following year and would stay 57 of the next 60 years, missing only the war years.

Minor league baseball in the city began in 1920 as the St. Pete Saints entered the Florida State League.

There was one other professional league in St. Petersburg prior to the Rays arrival in 1998. The Senior Professional Baseball Association—a league of former major leaguers who were 35 years of age or older—sprang up for one season, 1989-90. The St. Pete Pelicans were the first and only league champions.

2022 RAYS POSTSEASON REVIEW

WILD CARD

The 2022 postseason featured a new format, expanding the pool of teams from 10 to 12 and replacing the two single-elimination Wild Card Games with four best-of-three Wild Card Series...the Rays went 86-76 and entered the postseason as the AL's third Wild Card...the 86 wins were the fewest among the majors' 12 postseason teams and the fewest for a postseason team in club history (excluding 2020).

- *The Rays clinched a fourth straight postseason berth, extending the longest streak in franchise history...they clinched a Wild Card berth on Sep 30 and ended the season in postseason position for 54 straight days beginning with the end of play on Aug 13 and 95 of 96 days beginning with the end of play on July 2...the Rays joined the Astros, Braves, Cardinals, Dodgers and Yankees as the only teams to make the postseason every year from 2019-22.*

2020 RAYS POSTSEASON REVIEW

A.L. CHAMPS

The Rays won the AL pennant for the second time in franchise history (2008) but lost the World Series to the Dodgers…they set a major league record in playing 20 postseason games, due in part to the expanded playoff format…the Rays were the ninth team in major league history to play a "winner take all" game in the Division Series and League Championship Series but only the third to win both, joining the 2012 Giants and 1981 Dodgers.

- *The Rays clinched a postseason spot on Sep 17, won the AL East on Sep 23 and secured the No. 1 seed on Sep 26…it marked the second time in club history the Rays finished with the best record in the AL (2010).*

PLAYOFF PAD

With the exception of the Wild Card Series, where the higher seed hosted each game, the rest of the postseason was played at neutral sites due to health, safety and competitive considerations in the COVID-19 pandemic…the Rays spent 17 nights in San Diego for the ALDS and ALCS before flying to Arlington, Texas for the World Series, which was played in front of a limited capacity.

POWER BALL

The Rays hit 34 HR, the most in a single postseason in major league history…67.1 pct. (53 of 79) of the Rays runs came on home runs, compared to 41.5 pct. (120 of 289) in the regular season…according to the Elias Sports Bureau, this was the highest rate for a team in a single postsea-

THE GREAT RANDINO

Rookie Randy Arozarena enjoyed a historic postseason, batting .377/.442/.831 (29-for-77) with 10 HR and 14 RBI in 20 games (all starts) and setting major league records for a single postseason in home runs, hits, extra-base hits (14, tied) and total bases (64)…the previous record was 8 HR by TEX Nelson Cruz in 2011, HOU Carlos Beltrán in 2004 and SF Barry Bonds in 2002.

- *He was named Most Valuable Player of the ALCS, the first rookie position player to win MVP of a League Championship Series or World Series…he has since been joined on this list by HOU Jeremy Peña in the 2022 ALCS and 2022 World Series.*

FRENCH POETRY

In Game 5 of the ALDS vs. NYY, Mike Brosseau hit a go-ahead, solo homer off Aroldis Chapman in the 8th inning to end a 10-pitch at-bat…it was his second time facing Chapman after he was nearly hit in the head by a 100.5 mph pitch on Sep 1 at NYY.

- *He entered as a pinch-hitter in the 6th and became the third player in postseason history to enter as a sub and deliver a go-ahead homer in a "winner take all" game, joining NYY Aaron Boone's walk-off in Game 7 of the 2003 ALCS vs. BOS and PIT Hal Smith in Game 7 of the 1960 World Series vs. NYY.*

POWER SURGE

The Rays hit 4 HR in the Wild Card Game and 4 HR in Game 3 of the ALDS, twice tying their single-game postseason record…the Rays, who hit the fewest homers among the AL's five postseason clubs, totaled 11 HR in six postseason games…all 11 HR came in the club's 4 games when facing elimination, a major league record for homers in elimination games in a single postseason.

CHARLIE 2.0

In his first season with the Rays, Charlie Morton went 2-0 with a 0.90 ERA (10-IP, 1-ER) in two postseason starts…with his win in the Wild Card Game, he became the first pitcher in major league history to record the win in three "winner take all" playoff games…he defeated his former team in Game 3 of the ALDS, helping the Rays avoid elimination…it was his fourth career win in a potential elimination game, tied for the most in major league history…he won Game 7 of the ALCS the following year to extend both of these postseason records.

CUBAN SMOKE

Yandy Díaz was reinstated from the 60-day IL for the last game of the regular season and hit leadoff in the Wild Card Game…he homered in the 1st and 3rd innings, becoming the fifth Ray with a multi-HR game in the postseason and the first to do it in a "winner take all" game.

- *Díaz was the 10th player in postseason history with a multi-HR effort in a "winner take all" game but only the second out of the leadoff spot, joining BOS Johnny Damon in Game 7 of the 2004 ALCS…he became the first leadoff hitter in major league history to homer in each of his first 2 AB of a postseason.*

ICE CREAM MAN

In the Rays 5-4 win in Game 3 of the ALDS, catcher José Lobaton became the 13th player to hit a walk-off home run in a postseason elimination game…he was the first AL player to do it since BOS David Ortiz in Game 4 of the 2004 ALCS vs. NYY… Lobaton, known for eating ice cream after hitting a home run, also became just the third player to hit a walk-off home run to avoid being swept in a postseason series…he joined Ortiz in 2004 and BOS Trot Nixon in Game 3 of 2003 ALDS vs. OAK.

- *Lobaton's homer was hit into the Rays Touch Tank, the third home run to land there and first by a Rays player…the previous times were by DET Miguel Cabrera on June 30, 2013 and LAD Luis Gonzalez on June 24, 2007.*

HAPPY BIRTHDAY

In Game 3 of the ALDS, Evan Longoria homered on his 28th birthday, becoming the second player in major league history to hit a postseason homer on his birthday…he joined KC Willie Mays Aikens, who hit 2 HR in Game 1 of the 1980 World Series.

NINE FOR NINE

In the Rays 3-1 loss in Game 4 of the ALDS, Rays Manager Joe Maddon used nine pitchers, which set a major league postseason record at the time for a 9-inning game…this has since been broken by the Padres, who used 11 pitchers in their 12-3 loss in Game 3 of the 2020 NLDS vs. LAD.

2011 RAYS POSTSEASON REVIEW

THIRD TIME IN FOUR YEARS

The Rays advanced to the postseason for the third time in a span of four seasons (2008-11), first time as the AL Wild Card...during that span only two other teams made as many postseason appearances: Phillies (4) and Yankees (3)...the Rays became the third major league team and first AL team to advance to the postseason after starting the season 0-6, and just the second major league team to advance to the postseason after starting 1-8...the 1995 Reds won the NL Central after starting 0-6 and 1-8, and the 1974 Pirates won the NL East after starting 0-6.

MATT MOORE

HISTORIC COMEBACK

The Rays became the first team in major league history to be at least 9 GB of a playoff berth in September and make the postseason...the Rays were 9 GB of playoff contention on Sep 3...the 2011 World Series champion Cardinals were 8.5 GB on Sep 5...the Rays were 16-8 and the Red Sox were 6-18 over the last 24 games of the regular season, starting Sep 4.

RAYS vs. RANGERS, PART II

For the second year in a row, the Rays lost to the Rangers in the ALDS...the Rays actually outscored the Rangers, 21-16, but lost the series, 3-1...in these two series, the visiting teams went 8-1...the Rays went 3-1 with 26 runs and 21 XBH at Texas, but 0-5 with 8 runs and 8 XBH at home.

MATT MOORE

At 22 years, 104 days, Matt Moore became the youngest starting pitcher in major league history to win his team's first game of the postseason...that mark was previously held by CIN Gary Nolan (22.129) in the 1970 NLCS... Moore did not allow a run in 7 IP in the Rays 9-0 win in Game 1...he allowed 2 hits, 2 BB and recorded 6 SO while throwing 98 pitches.

- *Moore became the fifth rookie starter to win his team's first game of the postseason and the first to do it since NYY Jim Beattie in Game 1 of the 1978 ALCS at KC...he also became the first rookie in major league history to go at least 7 IP and allow no runs and 2 hits (or fewer) in a postseason game...he remains the 2nd-youngest pitcher to ever do that, behind NYY Waite Hoyt (22.027) in Game 2 of the 1921 World Series vs. the New York Giants.*

REMARKABLE ROOKIES

Matt Moore and Jeremy Hellickson started Game 1 and Game 4 of the ALDS...the Rays were the 10th team and first since the 2007 Rockies to use two rookie starters in the postseason...the Rays had seven rookies on their 25-man postseason roster.

JAMES SHIELDS

Started and lost Game 2 of the ALDS at TEX, 8-6... he took a 3-0 lead into the 4th inning but allowed 5 runs that frame, which included 2 HBP and 2 WP...he remains the only pitcher in major league history with 2 HBP and 2 WP in a postseason game...it was the first time in his career (in 190 regular and postseason starts) with 2 HBP in an inning and only the second time he threw 2 WP in an inning, following July 6, 2007 at KC.

2010 RAYS POSTSEASON REVIEW

2010 POSTSEASON

The Rays won the AL East for the second time in three seasons...after the current divisional format was adopted in 1994, the Rays became the first team other than the Yankees to win two AL East titles in a full 162-game season...with 96 wins, the Rays led the AL in wins for the first time and finished 2nd in the majors to the Phillies (97)...in addition, the Rays became:

- *The first team in major league history to endure 10 straight losing seasons, then make the postseason in two of the next three seasons.*
- *The first team to average 90-plus wins over three consecutive seasons after 10 straight losing seasons.*
- *The fourth team to average 90-plus wins over three seasons after averaging 90-plus losses the three previous seasons, joining the 1996–2001 Athletics, 1975-80 Brewers and 1988-93 Braves.*

RANGERS DEFEAT RAYS IN ALDS

For the first time in major league history, the road team won every game of a postseason series...the Rays became the first team in major league history to lose three home games in any 5-game postseason series...it was the first ALDS to reach 5 games in five years—since the Angels won at home over the Yankees in 2005.

- *The Rays became the third team to force a Game 5 in a best-of-five series after losing the first 2 games of the series at home...the 1981 Brewers (vs. New York) and 2001 Yankees (vs. Oakland) did it before them...a Division Series was necessary in 1981 due to the split season.*
- *The Rays became the 11th team to force a Game 5 in a 5-game series after losing the first 2 games (home or road)...the Rays were the first team since the 1981 Brewers to force a Game 5 after an 0-2 start and lose Game 5.*

DAVID PRICE AND CLIFF LEE

Price had 14 SO and 0 BB in the series, and Lee had 21 SO and 0 BB...no pitchers in baseball history have totaled more strikeouts without allowing a walk in a postseason series than Lee and Price...ATL Kevin Millwood (2002 NLDS) and CLE Andrew Miller (2016 ALCS) have since tied Price's mark.

2008 RAYS POSTSEASON REVIEW

2008 POSTSEASON

Only one team in major league history lost more games than the Rays (96) the year before going to the World Series: the 1991 Braves, who were 65-97...the Rays were the second team in major league history and the fifth team in the four major sports to advance to its league's championship series the year after having the worst record in the league...the others to do that: 1991 Braves, 1958-59 Minneapolis Lakers, 1958-59 Toronto Maple Leafs and 1949-50 New York Rangers.

RAYS SET A.L. POSTSEASON HOMER MARK

The Rays hit 26 HR in the postseason, an AL record at the time...the previous record was 24, by the Angels in 2002...that mark remained one shy of the major league record until the 2020 postseason, when the Rays hit 34 HR and the Dodgers hit 30 HR...ten different players hit a postseason homer for the Rays.

- *The Rays hit 16 HR in the ALCS, most in LCS history, ahead of the Astros (14) in 2004...this has since been tied by the 2020 Dodgers... they belted 13 HR from Games 2-5, most home runs over a 4-game stretch in postseason history...the Yankees tied this mark in the 2020 postseason.*
- *B.J. Upton's 7 HR in the postseason fell 1 HR shy of the major league record for a single postseason at the time (8, SF Barry Bonds in 2002, HOU Carlos Beltran in 2004)...four of his 7 HR came in the ALCS, tying the LCS record at the time...he became the first player to hit 5 HR (or more) in the postseason after hitting 10 HR (or fewer) during the regular season.*
- *Evan Longoria's 6 HR were a major league rookie record for a single postseason, until TB Randy Arozarena (10) broke it in 2020...the previous record was*

[1] ALDS, WS ROSTER ONLY; REPLACED INJURED CLIFF FLOYD ON WS ROSTER PRIOR TO GAME 4
[2] ALCS, WS ROSTER ONLY

4 HR, by FLA Miguel Cabrera in 2003…four of his 6 HR came in the ALCS, tying the LCS record at the time…all 4 HR in the ALCS came in consecutive games (Games 2-5), which remains tied for a LCS record…he turned 23 on Oct 7, the youngest player in major league history to hit 6 HR (or more) in a single postseason.

RAYS SET POSTSEASON STEAL MARK

The Rays recorded 24 SB in the postseason, which remains a major league record ahead of the 1992 Braves (20) and 1975 Reds (20)…the Rays were caught just three times in 16 games.

ALCS MVP MATT GARZA

Matt Garza went 2-0 with a 1.38 ERA (13-IP, 8-H, 2-ER, 6-BB, 14-SO) in the ALCS…he won Game 3 and Game 7 for the Rays…it was the 11th time that a pitcher won ALCS MVP honors (10th different pitcher)…at 24, Garza became the youngest pitcher to ever win ALCS MVP honors, passing Mike Boddicker (26) of the 1983 Orioles.

DAVID PRICE

The 23-year-old top overall selection of the 2007 Amateur Draft became the quickest No. 1 overall pick to play in the World Series…he earned his first win at the major league level in Game 2 of the ALCS vs. BOS and recorded the final 4 outs in Game 7 for his first career save…at the time, he was the third rookie pitcher to record a win and a save in the same postseason series.

Andrés Reiner passed away on Aug 3, 2016, at age 80. Hired by the organization in 2006, Andrés was instrumental in reorganizing how the Rays approached recruiting and signing players in Latin America. He played a major role in the building of the Rays academies in Venezuela and the Dominican Republic.

Andrés transformed how baseball was scouted in Venezuela when he opened the country's first baseball academy for the Astros in 1989. Though many are aware of the 25 young men from that program who reached the big leagues, including Johan Santana, Bobby Abreu and Carlos Guillén, fewer know about the managers and coaches in minor league baseball who were influenced by Andrés. The Rays have several staff members who were signed by Andrés as players, including bullpen coach Jorge Moncada, field coordinator Alejandro Freire, Durham bench coach Reinaldo Ruiz, FCL Rays coach Germán Meléndez and DSL Tampa Bay manager Héctor Giménez.

Andrés pioneered the cultural transition programs in professional baseball. These are programs the Rays have established for young men signed in Latin America. The Rays stand with many others in tribute to a man who dedicated his life to growing our game and mentoring others to do the same.

ALL-STAR BALLOTING

In 2019, Major League Baseball introduced a revamped All-Star balloting process that features two phases of fan voting to determine the starting position players. The top three vote-getters at each position (and top nine outfielders) from the primary phase advance to The Starters Election. Fans then elect starters to the AL All-Star Team and NL squad from that pool of players.

The pitchers and reserves for both All-Star teams will be determined through a combination of player balloting and selections made by the Commissioner's Office. The managers of the teams that played in the previous year's World Series choose the batting orders and starting pitchers.

Since the first All-Star Game in 1933, selection of the All-Stars has shifted on several occasions between fans, players, managers and MLB. In 1933-34, selection of the All-Star teams was up to the fans, who could vote for All-Stars through newspaper ads featuring official ballots. From 1935-46, each league's eight managers selected the participants while the All-Star managers chose the starters. Balloting for the starting lineups, tabulated by the Associated Press, returned to the fans from 1947-57. However, a case of ballot-stuffing by Cincinnati fans in 1957 prompted Commissioner Ford Frick to make player selection the privilege of managers, players and coaches from 1958-69.

Commissioner Bowie Kuhn returned voting to the fans in 1970. Since then, fan balloting has developed into the largest voter participation program in the U.S. outside of state and national elections.

EXPANDING INTERNATIONAL OPERATIONS

GEORGE PAPPAS / TAMPA BAY RAYS

BASEBALL IS A GLOBAL GAME. TODAY, MORE THAN ONE-FOURTH OF ALL MAJOR LEAGUERS WERE BORN OUTSIDE OF THE UNITED STATES.

As a result, the Rays have expanded the reach of their international operations. Entering the 2023 season, the Rays organization has players from eight countries—Australia, Canada, Colombia, Cuba, Dominican Republic, Mexico, Panama and Venezuela—in addition to those from the United States.

While the organization spans the globe in search of talent, the main focus is in the Dominican Republic and Venezuela, where Tampa Bay operates baseball academies.

In 2006, shortly after the ownership group led by Stuart Sternberg took control of the club, the Rays agreed to a partnership with the Los Angeles Dodgers in which the two organizations would share Campo Las Palmas in the Dominican Republic, long considered the gold standard for Dominican facilities. Campo Las Palmas was home to the Rays baseball academy and a summer league team until early 2009 when the organization inaugurated a new academy located on the property adjacent to the Dodgers. The complex has two full diamonds and a half field, clubhouse, gym, covered batting cages, classrooms, a dining area and living facilities which can accommodate up to 92 players. In 2018, the program claimed its first Dominican Summer League (DSL) title.

In 2007, the Rays opened their Venezuelan baseball academy in Guacara, 100 miles west of Caracas. In addition to baseball fields, the Venezuelan academy includes a dining area and dormitory which can accommodate 56 players. The Rays played in the Venezuelan Summer League (VSL) in 2007 as part of a co-op team with the Cincinnati Reds before forming a team of their own in 2008. The program won VSL championships in 2009 and 2011. The VSL closed its operations after the 2015 season, prompting the Rays to add a second team in the DSL in 2016.

The Rays international efforts are overseen by Carlos Rodriguez, vice president of baseball operations and assistant general manager. Steve Miller enters his fourth season as director, international scouting, running the department and overseeing all scouts. Patrick Walters enters his fourth season as director, international operations, overseeing all operations at the Latin American academies. Jeff Johnson serves as manager, international scouting. Brad Budzinski was added to the staff in 2018 as an international crosschecker, and area scout Victor Rodriguez, responsible for South Florida, will continue to provide international crosschecking coverage for a third consecutive season.

Ronnie Blanco, former general manager of the Magallanes baseball club in the Venezuelan professional league and the Rays long-time director of Venezuelan operations, is assistant director, international operations.

The Rays maintain scouting programs in the Dominican Republic, supervised by Daniel

Lefthander Shane McClanahan (right) and infielder Wander Franco distribute Rays shirts and caps to youth players at Franco's childhood field in Baní in October 2018.

GEORGE PAPPAS / TAMPA BAY RAYS

Santana, crosschecked by Rigo De Los Santos and staffed by scouts Miguel De La Cruz, Felix Fermin Jr., Remmy Hernandez and Jorge Perez; Venezuela, crosschecked by William Bergolla and scouts Juan Castillo, Carlos León, Sergio León, Marlon Roche and Frank Tineo; Brazil, scouted by Tiago Campos; Colombia, coordinated by Angel Contreras and scout Alex Zuniga; Curaçao, led by Chairon Isenia; Panama, with Gustavo Zapata; and Mexico, with Karla Espinoza, the country's first female scout.

The Rays have also expanded scouting efforts in the Pacific Rim, Europe and Australia. Tateki "Bori" Uchibori, who served as an interpreter for former Tampa Bay infielder Akinori Iwamura, scouts for the Rays in Japan. In 2016, Joe Park was added to the Korean scouting staff. Keith Hsu covers Taiwan and John Gilmore enters his 14th year as an international consultant assisting in coverage all over the world.

With rising numbers of international players, the Rays have also developed programs in the U.S. and in their Latin American academies to educate players and create cultural awareness. Today, these programs cater to international and domestic players alike and have grown to include language training, life skills, professional development and education on social issues. The programs are overseen by George Pappas, assistant director, minor league operations. Junior Sencion and Gilberto Fernandez coordinate programming in the Dominican and Venezuelan academies, respectively. Lenore Sanchez coordinates language instruction for international players in the United States. Jairo De La Rosa, coordinator, player development, supports the program by assisting international players in their transition to the U.S. and aiding in the integration of player plans. The education program is also supported by Wilson Made, coordinator, minor league operations; Karly Fisher, manager, team travel and logistics; Ryan Burnett, assistant, minor league operations; and Milton Jamail, who begins his 17th year in the organization and fourth as advisor, player education.

2023 AMATEUR DRAFT

The annual First-Year Player Draft is scheduled for July 9-11. For the third consecutive year, it will be held as part of the All-Star Game festivities.

The Rays hold the No. 19 overall selection. In 2022, the Rays selected 1B Xavier Isaac out of East Forsyth (N.C.) High School with the No. 29 overall selection.

This year is the 59th Amateur Draft and the 28th draft in Rays history. It was on June 8, 1965 that the Oakland Athletics selected Arizona State outfielder Rick Monday with the first-ever pick. Since its inception, over 68,000 players have been selected in the First-Year Player Draft. The Rays have made 1,274 of those. Among the major sports, baseball was the last to adopt a draft. The NFL was first in 1936, followed by the NBA in 1947 and NHL in 1962.

TROPICANA FIELD

MATT MAY / TAMPA BAY RAYS

- In 2023, Tropicana Field added The Shortstop at the Budweiser Porch, which uses Zippin's platform for a checkout-free experience. Customers can tap or swipe a credit card in addition to the option to pay with the MLB Ballpark app.
- The Rays have upgraded their main and side display video boards to DigiLED Vision A10o panels. These panels have been optimized by dialing in the latency, color science and viewing angle to best suit Tropicana Field. The Rays will also unveil a new graphics package driven by Ross Video products and NovaStar Video Processing.
- Prior to the 2023 season, Enchant Christmas returned for a third year at Tropicana Field. The venue hosted several installments of Saturday Morning Shoppe, which creates economic development opportunities for primarily Black emerging local businesses. The Gasparilla Classic gymnastics meet was held in late February.
- Since 2005, the Rays have invested more than $55 million in upgrades to Tropicana Field.
- In 2022, Tropicana Field introduced a new seating area just past the home dugout called The Chalk Box, featuring oversized padded seats with armrests, cupholders and side tables.
- The Rays Museum opened in the left field alcoves prior to the 2022 season. Each alcove highlights distinct features of the organization's history, including the American League Championship seasons, Devil Rays era, the franchise's most impactful players and more.
- Prior to the 2020 season, Tropicana Field transitioned to exclusive use of mobile tickets to improve ballpark security, limit fraudulent entry and reduce paper waste. Tropicana Field was also announced as the first cash-free sports venue in North America in 2019.
- In 2019, the existing field lights were replaced with energy-efficient LED lights, enhancing on-field playability and in-game entertainment.
- In 2018, the Rays partnered with Levy to overhaul the food, beverage and retail experience, including "food halls" and a renovated team store.
- Knotless safety nets were installed from the inside of the dugouts to the far ends of the dugouts in 2017 and then extended out to the ends of Sections 125 and 126 two years later.
- Between 2013-14, the Rays added 360-degree pedestrian circulation around the lower seating bowl. The improved circulation provides easier access to and from ballpark gates, concessions and activity areas throughout the facility.
- Over 2006-07, the Rays invested more than $18 million toward ballpark improvements, including the creation of the Rays Club.
- Originally named the Florida Suncoast Dome, Tropicana Field's 1.1 million square feet include unique design features and fan amenities.
- The venue opened to the public on March 3, 1990, at a cost of $138 million. It became the ThunderDome in 1993 with the arrival of the National Hockey League expansion franchise, the Tampa Bay Lightning. It was renamed Tropicana Field on Oct 4, 1996, in accordance with a naming rights agreement between the Rays and Bradenton's Tropicana Dole Beverages.

- Tropicana Field is the world's only professional sports facility that features live rays. The 10,000-gallon Rays Touch Tank opened in 2006 and is located just behind the right-center field wall. There are over 20 cownose rays that fans can touch during the game through a unique partnership with The Florida Aquarium.
- Tropicana Field and Toronto's Rogers Centre both feature an artificial surface and all-dirt base paths. Only four other artificial turf ballparks have ever featured all-dirt base paths: Houston's Astrodome (1966-71), San Francisco's Candlestick Park (1971), Pittsburgh's Three Rivers Stadium (1970-72) and St. Louis' Busch Stadium (1970-76).
- The Rays installed new Shaw Sports Turf ahead of the 2019 season, the seventh surface in 22 seasons. They began play in 1998 on AstroTurf, went to a FieldTurf surface in 2000 and FieldTurf's improved product in 2007. In 2011, AstroTurf installed Game Day Grass 3D-60 H. The first of three Shaw Sports Turf surfaces was installed in advance of the 2017 season.
- Tropicana Field features the world's largest cable-supported domed roof. It is made of six acres of translucent, Teflon-coated fiberglass and supports itself with 180 miles of cables connected by struts. Opposing forces of tension and compression keep the roof in an arc. The roof is slanted at a 6.5-degree angle, dropping from 225 feet above second base to 85 feet at the center field wall. The slanted roof reduced construction costs and decreased the volume of air under the dome by 16.8 million cubic feet, decreasing the amount of air requiring climate control. It is built to withstand winds of up to 115 miles per hour.
- Though originally built for baseball, there have been 15 other varieties of sporting events held at the venue: hockey, basketball, football, sprint car racing, gymnastics, soccer, tennis, weight lifting, wrestling, table tennis, karate, motorcycle racing, equestrian events, track and figure skating.
- In addition to the 2008 World Series, the facility was home to the 1999 NCAA Men's Basketball Final Four featuring Duke, Ohio State, Michigan State and eventual-champion Connecticut. The largest crowd to date—47,150—appeared at the Aug 11, 1990 New Kids on the Block concert.
